Academic Details

Examination	Institute	Year	CGPA/%
B.Tech in Computer Science & Engineering	Graphic Era Hill University, Dehradun	2022-2026	8.8
12 th Grade	Greenford Academy International, Jaspur	June 2022	86.4%
10 th Grade	Greenford Academy International, Jaspur	April 2020	87%

Experience

Machine Learning Intern | DRDO IRDE (Image Processing & Computer Vision)

- Contributed at DRDO on the project Real-Time Video Stitching using methods (ORB, FLANN, RANSAC).
- Generated panoramic views from overlapping real-time video streams using frame alignment, achieving **15–20 FPS** with **PSNR up to 19 dB** and **SSIM up to 0.85**.
- Strengthened understanding of computer vision pipelines and evaluation metrics for real-time ML systems.

Projects

Pest Detection | Python, Deep Learning, EfficientNet, Flask, CNN, Supabase, Redis

- Trained Hybrid Model on 8000+ image of pest dataset across 12 classes.
- Achieved **92.3% accuracy**, **28.2% loss**, **0.93 precision**, & **0.92 recall** with (EfficientNet + Custom CNN).
- Developed a Flask-based pest detection platform with multilingual support, AI insights, Supabase, and Redis integration.
- GitHub: Pest Detection Project

Cold Mail Generator and Sender | Python, AI, SMTP, MIME

- Built a cold email generator and sender enabling 100+ personalized emails/day & PDF attachment support.
- Implemented controlled single-email dispatch to ensure accuracy and customization per recipient.
- GitHub: Cold Mail Generator and Sender

Online Attendance System | Python, Flask, HTML, SQL

- Parsing and validate CSV logs to process attendance of 1000+ students, **saving 90%** of manual labor.
- Created SQL schemas and queries to facilitate quick filtering, aggregation and retrieval of attendance record.
- Applied multi-format report creation Excel, PDF with sorted and clean data.
- GitHub: Online Attendance System

Skills

Programming Languages: C, C++ (Object-Oriented Programming), Python.

Database & Libraries: MySQL, Oracle, NumPy, Pandas, Matplotlib, SciKit-Learn, EfficientNet.

Tools: OpenCV, Tensorflow, Git, Github, Jupyter Notebook, PyCharm, AWS Platform.

Scholastic Achievements

- Finalists for **Viksit Bharat Young Leaders Dialogue 2026**, hold first rank in Uttarakhand.
- Top 10 among 300+ at NYF_25: Tech for Viksit Bharat (Uttarakhand representative)
- Led district-level Bhangra team, organizing performances for 500+ attendees

Certifications

Smart Bridge Salesforce Internship	July 2025
AWS Cloud Quest: Cloud Practitioner	March 2025
Goldman Sachs Software Engineering Virtual Experience (Forage)	Feb 2024
